Sign up to use the new free organics drop-off and reduce your trash

Organic materials, including food and food-soiled paper, make up the largest proportion of our trash — about 25 percent. You can now bring organics to a drop-off, which reduces your trash and helps the environment. The organics are taken to a local commercial compost facility and made into compost, a nutrient-rich material that is used in landscaping and road construction projects to improve our soil.

What's accepted

All food

Food-soiled paper

- Napkins and paper towels
- Pizza boxes from delivery
- Paper egg cartons

Certified compostable products

Look for the term "compostable" or the BPI logo on certified products.

Other compostable household items

- Coffee grounds and filters
- Facial tissues
- Houseplants and flowers
- Wooden items such as toothpicks

Crystal Cove Aquatics Center*
4848 Douglas Dr N
Crystal, MN 55429

*Northeast corner of the parking lot.

The drop-off site is available to anyone who lives or works in the area. Learn more and sign up at: **hrg-recycling.com**
